*** Introduction ***

This Astrological Child Report has been designed as a guide for Susie Q's parents, with a special commitment: to help with Susie Q's growth and cultural upbringing, to emphasize and strengthen her assets, and to alert the parents to mistakes or possible problems that Susie Q could face in her life.

Chapter 1 describes Susie Q the way she really is (position of the Sun), and the way her personality is expressed (Ascendant sign). Chapters 2 and 3 describe the influences linked to her mother and father respectively, which DOES NOT mean a description of their personalities, but the way Susie Q sees them, experiences them, and which characteristics she takes from each one. In the astrological chart of a brother or sister, the description of parents could be different due to the individual's perspective. Chapter 4 completes the sequence of the description of Susie Q's temperament, focusing her mind, her attitude toward education, and her intellectual capacity.

Chapter 5 describes Susie Q's destiny, her vocation, her profession, and the probability of success in the material world. In order to get an appropriate view of Susie Q's vocational possibilities, it will be necessary to combine what is in this chapter plus what is in Chapter 1 and any other relevant information in the report.

Chapter 6 analyzes the conditions of Susie Q's health; some tendencies or possibilities to physical diseases are mentioned, which DOES NOT mean that Susie Q is going to suffer from them, one by one. It does mean that those are her weak points and she is inclined to those possibilities. As a complement, some recommendations for Susie Q to have better nutrition are mentioned. **PLEASE CONSULT A PHYSICIAN REGARDING ANY PHYSICAL PROBLEMS THAT YOUR CHILD MAY HAVE!!! FOLLOW YOUR PHYSICIAN'S ADVICE AND ANY MEDICATION OR THERAPY THAT HE/SHE RECOMMENDS!!! ASTROLOGY SHOULD NEVER BE USED AS A SUBSTITUTE FOR PROFESSIONAL MEDICAL ATTENTION!!!**

Finally, Chapter 7 describes the astrological influence of the outer planets which affect all the children who were born in the same period of years, producing common ideas and behaviors and subsequent generational characteristics.

It is probable that you may find some contradictions in the report; this is because some planets may be beneficial in a certain area of life while other planets may be less helpful or even harmful. This means that Susie Q may have both positive and negative experiences in the same area. You need to draw on your intuition and common sense to come to your own conclusions. But remember that every child, no matter the sign he/she was born in, needs LOVE in order to grow up in the right way.

***** Chapter 1 *****

General description of the child: essential nature and personality. Physical body and childhood.

Sun in Libra:

The child of Libra is sweet, soft and charming. Her features are delicate and she conquers everybody with her beautiful smile. She is sociable and she enjoys being with people. At a young age she starts seeking inner balance through harmony. Aggressiveness makes her very uncomfortable; she cannot stand arguments or quarrels; she will be always looking for peaceful places, warm colors, soft music. This is something to keep in mind when dealing with her own aggressiveness. She may lose control in an intense or harsh environment, so if her bedroom is decorated in a delicate and harmonic way, it will help her temper. One of the worst problems she faces is making up her mind. Her inner balance swings back and forth from one side of the issue to another, causing doubt. She hates to make decisions in a hurry because the pressure makes her even more confused. Parents should not shout at her, order her, or berate her. Otherwise, as an adult, she may show neurotic behavior when making decisions. The point is to talk to her softly and patiently; she is obstinate only when confused. Caution is her best characteristic. She does not like to get involved in trouble or to be wrong. In discussions she will be impartial, and will be the peacemaker, soothing the opposing sides and finding equitable solutions. She knows what balance and justice mean, and this must be cultivated by her parents. The best way to teach this is by example: at home, treat brothers and sisters the same, and give responsibilities to everybody. She may have intense periods of activity, followed by times for relaxation. It is a very good idea not to bother her while she is doing nothing; her inner balance will soon drive her into motion. She is a little bit lazy, and she does not like physical effort. She is an expert at softening hearts, especially her parents'. She is very sweet and sympathetic and, because of this, she usually gets whatever she wants. The bad side of this is that she will be a spoiled child, so it is very important that her parents combine discipline with love.

Susie Q will adjust well in school if she receives the right balance at home. Because she has a bright and logical mind, and is curious and likes to know about everything, she is a very good student. As she does not like disorder, she will help to keep the house clean. During adolescence her fondness for good grooming will become apparent and she will take over the bathroom for hours. Her parents must remember that peace, beauty and comfort are part of her harmony. She will start early to show her skills as a charmer and she will always be surrounded by romance.

This child has multiple creative skills and she is very expressive artistically. She will be very happy learning how to sing or play a musical instrument, or taking classes in literature or arts and crafts. Regarding her dietary habits, she has a tendency to choose sweet things, which could cause future weight problems. If her parents give her a harmonious environment to grow in, this child will always be protective of her parents and their home.

Capricorn Rising Sign:

Susie Q's physical body will be thin and tall. Probably she will have a dimple in her chin, a wide forehead, and her general features will be lengthened. Susie Q will behave like an adult, will be independent, and will not need anybody to take care of her. She is the kind of child who can play alone

for hours in the same place. However, don't forget that although she is a serious girl, she is very delicate and needs affection. She will have a scientific mind, and will need to understand everything, so she will ask many questions and will read voraciously. Susie Q will have imagination and intelligence, though her realistic and practical side will prevail. Communication can be a problem for her, and she will not talk too much, especially in the company of strangers. She does not like to be overexposed, and a little bit shy; parents must treat her delicately and must respect her desires, too. She will be a good companion and very responsible; she will not ask for help and will love to feel that she can make it by herself. Her character will not be flexible and will show a tendency to control others, especially her brothers or sisters and weaker friends, with whom she will try to play the role of protector and parent. Susie Q loves to be at home and she can spend many hours inside; it is important to teach her to go outside in the sun and get in touch with nature. If her Sun (as shown above) is located in Gemini, Sagittarius or Pisces, this Ascendant will offer stability and firmness of character.

Her childhood is ruled by Saturn, which will make her mature early. She will be always worried about her duties and how to help her parents. Sometimes under this influence, the person starts working very young and helps parents with the household expenses. She may do this because the family has economic problems, or because the person wants to become a part of the world of the adults. Whatever the reason, Susie Q must try not take her life too seriously and must have some fun, especially in the first part of her life. Her sense of duty and fulfillment may be so remarkably strong because this child gets the idea from her family that love and responsibility are synonymous, and that she has to do everything well in order to deserve love. This message may be clearest from her father, whom Susie Q will admire and will always try to please. Susie Q must be taught to combine her practical sense with more enthusiasm and joy, to learn from her own mistakes and to relax and enjoy life. Though she does not show her feelings and interests very noticeably, her parents can be totally sure that Susie Q will get everything she wants in life.

***** Chapter 2 *****

Susie Q will be successful in business and will earn lots of money; however, she must learn discipline and thrift, to avoid many potential problems. She could earn a living from different investments, import-export business, traveling, stock exchange, etc. Susie Q will have many possessions, which will make her feel secure and protected, and at the same time, she will be very generous and will share them with others.

Neptune in 10th house:

Susie Q will have high aspirations and spiritual goals for her life. She will enjoy helping people and will be very idealistic. Whatever she achieves in her life will come from her own efforts, nothing will come from her family. Susie Q will be very sensitive to the feelings of those around her and could be a very good diplomat. Chemistry and liquids could be related to her job or profession. Most likely, she will suffer great confusion when trying to choose her vocation and she could experience some changes in her professional life. Susie Q should learn to behave decisively and consistently, leaving all her fantasies and doubts behind.

***** Chapter 3 *****

Paternal figure: authority, power, capacity to assume responsibilities and to defend oneself in life.

Sun in 8th house:

It is very important for Susie Q to be taught to properly handle money, care for possessions, and to learn to respect the property of others because later in life her career may involve managing or handling finances or possessions of other people. The relationship with her father can be rather tough, with deep disagreements and contrasts, along with, on the other hand, a great need for closeness. Both of them must share their respective ideas in a quiet way, as the two of them can learn a great deal from each other. Susie Q will feel very attracted to the mysteries of life and will be a great researcher. She will have great intuitive powers, and will be interested in occult sciences in general. Susie Q will live her life in an intense way; her emotions will be very deep and most likely she will be possessive and jealous. The material portion of her life will be favored by inheritance, bequests, marriage or gifts.

Sun Conjunction Pluto:

She will have strong desires and aspirations for every aspect of her life: physical, mental, and spiritual. Susie Q can show some types of behavior which may indicate an obsession with her objectives. She will not be an easy person to handle. As she has great authority and enough assertiveness to impose it, parents will not find it easy to control her. Susie Q will feel comfortable with a father or relative who shows strength, as she will use him as an example in forming her own personality. Susie Q may be very intolerant and very selfish, and probably she will frequently fight with her father. However, Susie Q will accept things if they are logical; she will respect a coherent and firm authority, and will soften up with demonstrations of love. Susie Q will be passionate, and her feelings will be very deep and long lasting. It is very important not to lie to her, as she is very intuitive and will realize it.

Sun Sextile Neptune:

Susie Q will be a visionary, an idealistic, and intuitive person. This energy can be channeled through musical or literary expression, although her perception can also take her to areas like investments, research, etc. Susie Q will be very romantic; her life will be full of visions and ideals which will be fulfilled little by little. She will be dedicated to her home and family, because she will always need a harmonious place where her spirit can find peace.

Susie Q will have great mental vitality and will excel in fields like education and management. She must learn to share things with others and not isolate herself.

Saturn in 7th house:

Susie Q will have a great desire to be with her father and to share everything with him. If she does not receive all the attention she needs, she will suffer from a fear of being rejected, a tendency to feel lonely, and will attempt to compensate by being with someone older. In the future there may be a big difference between her age and her mate's. It will be better for her to delay marriage until she is mature and more experienced. Susie Q will be very clever and will have excellent abilities working with the public. She will need time to be alone and to recharge her batteries. She will take marriage very seriously and will work hard to make it succeed.

Saturn Square Uranus:

Susie Q can have so much tension inside of her that it comes out in unpredictable and abrupt ways. If Susie Q were to have any confrontations with her father, she could become rebellious about duties and limitations in her own life. As a consequence, Susie Q could have problems in the future with people in authority: teachers, bosses, policemen, etc. She may act aggressively towards others to hide feelings of insecurity. Susie Q must learn how to relax, how to compromise, and how to persevere in working toward her goals.

Mars in Gemini:

Susie Q will have a very fast and sharp mind; she will be very good in discussions and debates. Her reasoning can be hasty and aggressive which makes prone to make unwise decisions. Her mind will always be working, and probably she will delight in doing at least two things at the same time. Her great intellectual capacity will allow her to study and learn things very easily, though she may not have the patience to concentrate on the same subject for a long time. Susie Q can start many things and finish only some of them. If Susie Q can overcome this last basic tendency, she will be successful in those intellectual activities which require sharpness and talent. Susie Q will be very curious and restless; her adventurous spirit will lead her to new places and people all the time. She will be outgoing and always open to new relationships; as a consequence, she will have some deep friendships and others that are very superficial. She may also follow this pattern in her love life and she may need more than one lover to feel complete!

Mars in 5th house

Susie Q will be very athletic, a complete sportsman, restless, and impulsive. She will always enjoy competing and will not like to lose. She could also excel in leadership or management and in organizing children's groups. Susie Q will be very charming and romantic. She will like gambling and other activities which have some challenge and risk. In the future, Susie Q must be careful with speculative financial enterprises, as her great passion can make her act irrationally and impulsively.

Mars Sextile Jupiter:

Susie Q will be an enthusiastic and optimistic person with excellent leadership ability. Susie Q will be well-known for her loyalty, pride, confidence, and her liberal spirit. She will always be protective of her

friends and family, and will have a sound sense of justice. She will be fond of sports, as well as politics and trips. She will probably be in a very good financial situation all her life and will live very comfortably. Susie Q will be a real idealist as she will be totally sure of her own beliefs.

Uranus in 9th house:

Susie Q will travel frequently during her life and will visit exotic, uncommon, and faraway places. While traveling, she will have experiences which will enrich her inner life, her own philosophy, and her attitude about religion. Susie Q will be very creative, independent, and adventurous. Her religious beliefs will be unorthodox and it will be very difficult for her to follow tradition. She will be very interested in social reforms and will probably become involved in politics, though this could change as time goes by. Susie Q should avoid involvement in legal problems, as these could have unpredictable results.

Pluto in 8th house:

Susie Q will have a long life due to her regenerative capacity. She will experience many intense situations and deep changes. She will be interested in the different processes of human existence, especially life and death, and will dedicate many hours to the study of these subjects. Her interest in these things goes beyond mere curiosity; it is a very deep psychological impulse which will take her deep into the mysteries of life. Susie Q could excel in research, medicine, or the natural sciences. Her inquiring mind will lead her to search the spiritual field for answers and she will explore all the religions, looking for the most coherent one.

***** Chapter 4 *****

Mentality: intelligence, studies and capacity for communication.

Mercury in Libra:

Susie Q will have a balanced and harmonious mind, and will try to express her ideas in a proper and delicate way. She will not be quick to make decisions, because she will have a deep sense of justice, which will make her analyze both sides of any situation in order to avoid any mistake or unfairness. Her indecisiveness, even in trivial matters, will bother her and the people around her. Susie Q will be very moderate in everything she does, rarely going to extremes. Her communication will be soft, refined, and friendly. Her voice will have a soft, warm tone and will she will refrain from using coarse and offensive language. Susie Q will get angry when arguments, violence, or aggressiveness occur. If Susie Q is put in a hostile situation, she will try to escape or will hide within herself. Susie Q will have a strong sense of aesthetics which will be visible in her artistic ability. As she will be very sociable, she could excel in public relations, diplomacy, law, or also as an umpire. She will have a complacent attitude toward others and most likely she will defer to others if any of her initiatives creates a lack of harmony. Susie Q could show some laziness or inconstancy with her studies and will need some encouragement from her parents to finish them up with success.

Mercury in 9th house:

Education will be a very important aspect of Susie Q's life. She will be interested in law, medicine, philosophy, religion, and everything related to old and exotic cultures. She will probably travel frequently and will also learn several languages. Susie Q could excel as a teacher, historian, or anthropologist. Also, she will be very intuitive and a visionary, though sometimes she could be a bit dogmatic. In spite of her strong convictions, Susie Q will encounter situations which cause her to question beliefs and will transform her way of thinking.

Mercury Opposition Jupiter:

Susie Q will have a sharp but not well organized mind; she could come to conclusions quickly without knowing the facts. Susie Q must learn to be more disciplined, to concentrate more on details, and to be more persevering with her projects. She will be very generous and optimistic, though her exaggerated positive outlook can take her far from reality.

Mercury Trine Mars:

Susie Q will have a restless mind and will never stop learning. She will be a practical, quick, perceptive, and courageous person; she will detect the weaknesses of the others quite easily. Susie Q will be very creative and could excel in writing or any other manual activity. She will be very firm and serious about her decisions without being aggressive. Her mind will never rest, so she must always stay active.

Aries on 3rd house cusp:

Susie Q's mind will be restless, active, and tireless. It is probable that she will express her ideas in a rough and abrupt way, without any thought, and will then have to deal with the consequences of her impatience and impulsiveness. Susie Q will not like spending a lot of time studying; she will get bored quite easily and will need constant action. She will grasp new ideas quickly, but will not be able to concentrate on the same subject for a long time. Susie Q must alternate studying with physical activity, without allowing the latter to displace her duties as a student. She will be very spontaneous in expressing herself; though she will have a good sense of humor, she could get angry quite easily too. She will like to travel, investigate things, and get to know different people and places.

***** Chapter 5 *****

Destiny: vocation, profession, probability of success and social recognition.

Scorpio-Sagittarius MC

Susie Q's destiny will encompass the whole world; she will travel abroad and come to know many different people and places. Freedom is the key to her success. She will look for work situations with no set schedule and without responsibilities which could restrict her, but they will not always be easy to find. Susie Q could excel in activities which require physical strength such as sports or heavy industry; she will be attracted to metals and their industrial use. Most likely Susie Q will not have just one profession in her life; she will experience a variety of occupations. Whenever she first starts a job, she will be more than pleased with it and will put all her energy into it, but eventually will feel burdened by the routine and will search for innovations and changes. During the second portion of her life, Susie Q will make a big transition and will probably reside in another country or will travel a lot.

Her career choice could be one of the following professions or a combination of some of them: engineer, mechanic, electronic engineer, sportswoman, investigator, travel agent, sailor, coach, physical education teacher, athlete, etc., or any other profession where she could use her physical strength and also be independent.

Susie Q's parents could have incompatible personalities. One of them will be a day-dreamer and a bohemian and the other one (generally her mother) will be the one with her feet on the ground. Early on Susie Q will begin her search for freedom from impositions. Scorpio and Sagittarius individuals will have a strong influence on her destiny.

***** Chapter 6 *****

Health: probable physical problems and recommendations for diet and nutrition.

Sun in Libra:

Libra rules the kidneys, the bladder, the suprarenals, and the urethra. Susie Q's main problem will be her tendency to laziness; to be quiet and comfortable means absence of movement, and, as a consequence, there will probably be circulation problems as well as weight problems. To avoid problems in her kidneys, her delicate section, she should drink large quantities of pure mineral water and avoid salt. Susie Q will need a harmonious and peaceful place to develop herself; her inner balance will be very important and its condition will be reflected in the state of her health. If Susie Q were raised with constant arguments, noise, shouting, and tension, she could be seriously ill. Soft music has healing power on her body, as well as soft colors and the touch of nature.

In order to be healthy, Susie Q will have to consider this advice: she will have to restrict sweets, pasta, and all products which come from flour, replacing them with proteins easier to digest like fish and poultry, fresh cheese, soy and its products; she will have to drink pure water every day; she will have to practice a sport, dance, swim, or go to a gym, (it must be pleasurable activity); she will have to be with positive and outgoing people; she will have to avoid red meat and seafood; she will have to rest in nice, quiet and ventilated places; she will have to have an artistic activity as an entertainment; she will have to rid herself of her rancor and annoyance; she will have to avoid gaining weight; and mainly, she will have to find an over-all balance.

Saturn in Leo:

This astrological position could bring the hardening of the arteries, atrophy of the heart, debilitation of the muscle of the heart, and some general circulatory problems. These difficulties originate from a lack of calcium, magnesium, and potassium. It is also probable that her heart could be smaller than normal.

Cancer on 6th house cusp:

The short term problems related to Susie Q's health could originate from the retention of liquids in the body, congestion of fluids in general, or the lack of Vitamin B-2 (Riboflavin), potassium, and fluorine. This could bring digestive problems, gastric colds, flatulence, hiccups, sclerosis, etc.

The best advice, as far as food is concerned, is to include in her diet: beet, broccoli, tomato, dry peach, blackberry, mango, peanut, tangerine, banana, wheat germ, pure milk cheese, eggs, and, the most important element will be pure mineral water. Also, it will be advantageous for Susie Q to chew her food well before swallowing. It will also be important to avoid drinking while eating and to eliminate seasonings which irritate the stomach.

The long term problems related to Susie Q's health could originate from the lack of proteins, Vitamins C and K, folic acid and the poor retention of calcium. This could bring a debilitation of the bone structure; she will be inclined to dislocations, especially in the knees; dry or scaly skin, and loss of hair.

In order to prevent these problems, it will be very important to have the nourishment mentioned above, plus: soy and alfalfa sprouts, celery, carrots, cauliflower, all seeds and grains, orange, lemon, grapefruit, strawberry, grapes, almonds, apple, coconut, non-fat milk, goat milk, fresh cheese, yogurt, egg yolk, pineapple, poultry, and especially, fish.

***** Chapter 7 *****
**Generational influence: ideas and feelings common to
your child's age group.**

Uranus in Scorpio:

Susie Q belongs to a generation of people who will break many taboos about sex, life and death, and other matters of a personal nature. She will defend her own ideas almost fanatically and will become aggressive when challenged. She will be very vigorous, dynamic, and secure in her self-expression, though she will need to learn to be more flexible. Her intuition will be powerful; many inventions and discoveries will characterize her era, especially in fields like medicine and metaphysics.

Neptune in Sagittarius:

Susie Q's generation will seek to discover new religious and philosophical values. They will inquire deeply into the different meanings of life. It is also probable that during this period many laws and educational programs will be changed. As a part of this generation, Susie Q will be very interested in being a member of reform groups; she will be inclined towards new ideas, will search for a universal religion, and will get to know different cultures. It is also probable that she could meet false prophets, but her strong intuition will tell her who is who.

Neptune Sextile Pluto:

Susie Q will have great creative and artistic ability. Also, she will fight against injustice and will try to reform the legislative system. Her intuition will be powerful and will compel her to study and uncover the secrets of nature. Most likely, her ideas about freedom or the way she will use her mystic knowledge will not be totally understood; however, her interest in this matter will not vanish.

Pluto in Libra:

Susie Q's generation will be concerned about the development of human relationships and their communications. They will not be very selfish and will understand the importance of listening to others, always seeking balance and harmony between different points of view. They will be interested in psychology and sociology, and will propose new styles of association, in business as well as in personal relationships, trying to find better understanding and happiness. Their policies will lead to peace treaties between different countries, making possible the avoidance of the arms race or political power struggles. As a part of this group, Susie Q will show a great love of beauty and harmony; she will have a strong sense of justice and well-developed social instincts.
