Your Soul Number is EIGHT.

There is nothing small or modest about your ambitions and you have the drive to achieve the recognition and material success that you are aiming for. You dream of rising above the common crowd to reach the pinnacle of success, becoming a person of influence, responsibility, and power. Strong-willed and determined, you will persevere and overcome all obstacles on the way to your desired goals. You are a natural executive, possessing organizational talents and the ability to manage large-scale operations in the commercial world. You enjoy the challenge of "playing in the big league".

Your emotions and personal life generally take a back seat to your striving for professional advancement and material goals.

You can be a strong power for good in the world if you do not fall into the trap of mere personal ambition and self-aggrandizement.

Your Personality Number is ONE.

You seem strong, self-assured, and confident, and you appear to know what you want. You are not afraid to speak up, to appear different, to take a stand. People expect you take charge, to be a leader, and to get things done in an efficient, direct, no-nonsense manner.

You can be abrupt, domineering, and bossy. When you want something, you will brook no interference. Try to be more considerate of others' feelings; otherwise it will appear that you are "only out for Number One".

You have a striking appearance and strong personal magnetism. You like to dress in a way that will set you apart from others, developing a distinctive personal style, or wearing only exclusive high quality clothing, or being outrageous and unconventional in your styles in order to get attention.

An atmosphere that enables you to express yourself freely pleases you the most, and you don't mind spending time by yourself.

Your Destiny Number is NINE.

Your concerns are broad, your sympathy is all-embracing, and your path lies in LIVING your ideals of universal brotherhood through compassionate service.

Tender-hearted and generous, you are easily swayed by emotion and by people in need. You need to learn discrimination, who you can really help and who will only drain you. Your interests are so wide, it may be difficult for you to focus and concentrate your attention on developing a single one. Try to discover where your talents lie (as shown by the other numbers in your name and birth date) and develop them as fully as you can, for the benefit of all.

Working as a counselor, teacher, minister, in public or civic work, or in any area that involves making bridges between people and bringing them together would be appropriate for you. Music or the arts also suits you.

Much of the work you do will be subtle, inner, and spiritual: encouraging people to love, accept, and forgive themselves, bringing hope and being an ambassador of good will wherever you go.

Your Career Number is SIX.

You are suited to activities that call for harmonizing, adjusting, giving advice or counseling, helping people, serving, nurturing, the cultivation of beauty, a sense of harmony, artistic creativity.

Careers and Vocations: Homemaking, kindergarten or elementary school teacher, guidance counselor, doctor, nurse, marriage and family counselor, volunteer work, community service, director of boy scouts or girl scouts, governess, professional hostess, interior decorating, artist, craftsperson, instructor, social worker, social services director, waiter, waitress, singer, musician, promoter of the arts and social welfare, manager of restaurant or cafe.

Your Missing Number(s) are:

TWO: You are frequently inconsiderate of others and lack the ability to truly cooperate, compromise, and appreciate the other person's point of view. You need to develop a sensitive awareness of others' needs and concerns. You give only what you want to give and relate only on your own terms. Try to be more flexible.

FOUR: You lack stamina and are disinclined to persistent effort and hard physical labor. Laziness and lack of discipline may prevent you from realizing your goals. Develop a more down to earth, realistic approach to life, and learn to finalize and complete one project before undertaking another one. You may be a person with much abstract knowledge but little technical know-how. Develop some practical skills.

SIX: You lack domesticity and are disinclined to take on the responsibilities of a home and family. The desire to devote yourself to the care and well-being of others is not strong in you. You may neglect the needs of your family and feel minimal interest in the welfare of those in your community. Try to develop more loving concern for others, and realize that the personal touch and caring is more valuable than any strictly material gift you could give.

SEVEN: You are disinclined to probe deeply beneath the superficial appearances of things to discover the hidden aspects, the underlying reasons and causes, the deeper meanings. As long as everything seems to be fine on the surface, you look no further. You may distrust introspection and the intuitive, non-rational, or mystical approach to life, and are often out of touch with your own inner feelings and deeper needs. You also may lack a real, personal, sustaining religious or spiritual faith.

Your First Vowel is U.

Your instinctive response to any situation is to try to ACCOMMODATE and to please. You are accepting and you compromise readily. Often you will assume the blame for a bad situation even when it is not your fault.

Humor is one of the primary ways you respond to life and to problems. Good-natured, generous, and usually cheerful, you do not want to burden other people and sometimes hide behind your smile.

You are inclined to be lazy, to wait passively for things to get better, or for other people to make the first move. When under stress you are inclined to eat too much, drink too much, or find amusing escapes, instead of directly confronting your problems.

You are very well-liked and you depend a lot on the support of love of your friends. You are a giver and need to learn to say no when necessary.

Your First Initial is S.

You are emotionally intense, often irrational and passionately driven to achieve your heart's desires. You are not averse to secretive or even devious methods when you cannot get what you want directly. Willful and stubbornly determined, you are able to persist and endure, overcoming obstacles and winning success after many twists and turns on your path.

You go to extremes in matters of the heart or pocketbook, and you can be a fanatic regarding your personal beliefs and philosophy of life. No one tells you what to do!
